

Heritage East 36

Standard Equipment List

- CONSTRUCTION

Hand laid-up molded fiberglass hull, deck, deckhouse, flybridge, sundeck hardtop & radar arch.

Epoxy Barrier Coat

Bal-Tec balsa core sandwiched in decks, cabin top & sundeck hardtop.

All decks, cabin top & sundeck hardtop are covered with nonskid pattern.

Semi-displacement hull with full keel protection.

- MECHANICAL

Single Cummins electronic QSB 5.9 230hp engine w/ZF 2.5:1 gear box and digital Smartcraft Control.

Side Power electric bow thruster.

Bilge pumps, automatic (2).

Engine room blowers (2).

Fuel management system with crossover.

Fuel line - approved type.

Fuel/water separator-Racor 900 (primary).

Freshwater cooled engine.

Fiberglass holding tank with dockside or overboard macerator pump-out (60 gallon).

Stainless steel hot water heater with main engine heat exchanger option.

Main engine hour meters.

Dual helm stations with complete engine controls & instrumentation.

Dual lever Morse controls with Morse 333 control cables.

Hynautic hydraulic steering at both stations.

Fiberglass muffler.

Propeller (3 blade/bronze)

Groco bronze sea water strainer.

Stainless steel plate rudder.

Stainless steel shaft.

Bronze sea cocks with ball valves on all underwater through hull fittings.

Domestic water pump (12VDC) with pressure tank.

Water tank, stainless steel (220 gallon).

Wet exhaust through transom.

Black iron fuel tanks (420 gals.) primed, painted and coated with Polyester Resin.

PSS drip-less shaft seal.

Fuel, water and waste level gauges.

Acoustical foam insulation in engine room.

Aluminum diamond plate engine room flooring.

Automatic shower sump, common for both heads.

- ELECTRICAL

Newmar master electrical panel.

Intel-Power (40 amp) "smart" battery charger.

Batteries, (4) Group 31 heavy duty Marine Type, in vented fiberglass boxes.

Battery selector switch (Blue Sea), vapor proof.

30 amp dockside inlet with 50' 30 amp cord

Bonded electrical system with transom grounding plate.

Lights-interior (12 VDC) with remote wall switches.

Lights-engine room (12VDC).

Lights-indirect under aft bed (12VDC) .

Lights-under fiberglass canopy (12VDC).

Lights-international navigation (12VDC).

Light-anchor on fiberglass radar arch (12VDC).

Outlets (120VAC) throughout.

Outlets (120VAC) Ground Fault Interrupter type in galley, heads, engine room and aft deck wet bar.

Windshield wipers (3) .

Electric signal horn.

Pre-wired for electric windlass.

Shaft zinc.

- FLYBRIDGE

Dual lever Morse Controls.

Main engine instrument panel.

Stainless steel destroyer wheel.

Bow thruster control.

Stainless steel hand rail.

Cushioned fiberglass (locking) flybridge lounge seats (P&S) with storage below.

Radar arch (Fiberglass).

Dual opening lockers with flybridge coaming storage.

Sealed/vented fiberglass propane bottle locker.

Flybridge adjustable helm seat with removable cushions.

- SUNDECK

Molded fiberglass canopy with stainless steel and fiberglass supports.

Fiberglass weather panels with dark blue accent stripe.

Boarding gate with steps and ladder to swim platform.

Molded fiberglass non-skid deck surface.

Wet bar with hot and cold running water.

Glass & bottle storage compartment

Outlet(120VAC) GFI.

- FORWARD STATEROOM

Offset double berth with mattress (84"x47") .

Stainless steel overhead opening hatch.

SS opening ports(screened).

Hanging locker with 12VDC light.

Rope locker access.

Drawer storage.

Bow thruster access.

Cushioned Love Seat.

Sectioned shelf storage.

Varnished teak/holly sole.

Hand-rubbed effect teak

joinery.

Lockable teak privacy door

- FORWARD HEAD

Molded one piece fiberglass construction.
"Quiet Flush" electric fresh water head.
Fiberglass basin with Delta faucet.
Hand-held shower attachment.
Varnished teak floor grate.
Shower sump.
Lighting (12VDC).
Stainless steel port with screen.
Outlet (120VAC) GFI.
Molded fiberglass paper dispenser.
Vented teak privacy door (lockable).
SS hand rail.
Mirror.

- GALLEY

Norcold full standing refrigerator/freezer (12VDC/120VAC).
Princess 3 burner propane range with oven.
Newmar propane solenoid switch.
Sinks, double SS, with Delta faucet and cutting board inserts.
SS port with screen.
Pre-wired for microwave installation.
Drawer and storage lockers.
Cookware storage bin.
Fiberglass built-in trash bin.
Lighting (12VDC).
Varnished teak/holly sole.
Outlet (120VAC)GFI.

- SALON

Engine room access hatches.
SS engine room ladder.
Lower helm with full instrumentation.
Main electrical panel.
Teak & Stainless steering wheel.
Outlets (120VAC).
Lighting (12VDC) with wall switches.
Epoxy coated aluminum window casements with tinted safety glass (sliding) and screens.
Starboard-side sliding door for walk-around deck access (lockable).
Drawer and storage lockers.
Stair access with hand rail to aft deck.
Varnished teak & holly cabin sole.
Hand rubbed effect teak joinery.
Fixed forward salon windows.
Windshield wipers (3).
Teak overhead console for electronic installations.
Varnished teak door with glass insert (lockable).

MASTER STATEROOM

Centerline queen berth with mattress (78"x60").
Dual teak hanging lockers with 12VDC lighting.
Teak bedside vanity with drawer.
Additional drawer and locker storage.
Mirrored wall surfaces port and starboard.
Lighting (120VDC) with wall switches.
Lighting (12VDC) indirect under berth.
Outlets (120VAC).
Stainless Steel ports with screens.
Stainless Steel opening hatch on aft wall bulkhead.
Lockable sliding pocket door.
Hand-rubbed effect teak joinery.
Varnished teak & holly cabin sole.

- MASTER HEAD

Molded fiberglass one piece construction.
Stall shower with shower sump.
"Quiet Flush" electric fresh water head.
Molded fiberglass basin with Delta faucet.
Varnished teak grate.
Molded fiberglass paper dispenser.
Lighting (120VAC).
Outlet (120VAC) GFI.
Stainless Steel hand rail.
Mirror.
Teak vented privacy door (lockable).
Stainless Steel port (screened).
Vanity with storage.

- SAFETY & MISCELLANEOUS

Molded fiberglass bow pulpit with roller.
Stainless Steel Samson Post.
Stainless Steel cleats with fairleads.
Molded fiberglass swim platform with SS supports.
Manual emergency bilge pump.
Solid stainless steel welded railing.
Dark blue boot stripe.
Dark blue flybridge accent stripe.
Port and starboard boarding gates.
SS hand rails on side of flybridge.
Folding stainless steel swim ladder.
Flybridge tinted windscreen.
