

Heritage East 42 & 42 + 4

Standard Equipment List

- CONSTRUCTION

Hand laid-up molded fiberglass hull, deck, deckhouse, flybridge, sundeck hardtop & radar arch.

Epoxy Barrier Coat.

Bal-Tec balsa core sandwiched in decks, cabin top & sundeck hardtop.

All decks, cabin top & sundeck hardtop are covered with non-skid pattern.

Semi-displacement hull with full keel.

- MECHANICAL

Twin Cummins electronic QSB 5.9 230hp engines w/ZF 2.5:1 gear box and digital Smartcraft Control.

Onan 9.0kw generator w/sound shield.

Bilge pumps, automatic (3).

Engine room blowers (2).

Fuel management system

Fuel line - approved type.

(2) Fuel/water separator-Racor 900 (primary).

Fuel/water separator-Racor 500 (generator)

Freshwater cooled engines.

Fiberglass holding tank with dockside or overboard macerator pump-out (60 gallon.)

Stainless steel 20 gallon hot water heater with main engine heat exchanger option.

Main engine hour meters.

Dual helm stations with complete engine controls & instrumentation.

Dual lever Morse controls with Morse 333 control cables.

Hynautic hydraulic steering at both stations.

Fiberglass mufflers.

(4) blade Nibral propellers.

Groco bronze sea water strainers.

Stainless steel rudders.

Stainless propeller shafts.

Bronze sea cocks with ball valves on all underwater through-hull fittings.

Domestic water pump (12VDC) with pressure tank.

(2) Water tanks, stainless steel (250 gallon total)

Wet exhaust through transom.

Steel fuel tanks (560 gallon.) primed, painted and coated with Polyester Resin.

PSS drip-less shaft seal.

Fuel, water and waste level gauges.

Acoustical foam insulation in engine room.

Aluminum diamond plate engine room flooring.

Automatic shower sump, common for both heads.

- ELECTRICAL

Newmar master electrical panel.

Intel-Power (40 amp) "smart" battery charger.

Batteries, (2) 8D Marine Type & (1) 4D (gen set) in vented fiberglass boxes.

Battery selector switch (Blue Sea), vapor proof.

Dual 30 amp dockside inlet with 50' cords.

Bonded electrical system w/transom grounding plate.

Lights-interior (12 VDC) with remote wall switches.

Lights-engine room (12VDC).

Lights-indirect under aft bed (12VDC) .

Lights-under fiberglass canopy (12VDC).

Lights-international navigation (12VDC).

Light-anchor on fiberglass radar arch (12VDC).

Outlets (120VAC) throughout.

Outlets (120VAC) Ground Fault Interrupter type in galley, heads, engine room and aft deck wet bar.

Windshield wipers (3) .

Electric signal horn.

Muir Atlantic 1200 anchor windlass w/capstan.

Shaft zinc.

- FLYBRIDGE

Dual lever Morse Controls.

Main engine instrument panel.

Stainless steel destroyer wheel.

Stainless steel hand rail.

Cushioned fiberglass (locking) flybridge lounge seats (P&S) with storage below.

Radar arch (fiberglass).

Dual opening lockers with flybridge coaming storage.

Sealed/vented fiberglass propane bottle locker.

(2) Flybridge adjustable helm seat with removable cushions.

- SUNDECK

Molded fiberglass canopy with stainless steel supports.

Fiberglass weather panels with dark blue accent stripe.

Boarding gate with steps to swim platform.

Molded fiberglass non-skid deck surface.

Wet bar with hot & cold running water.

Glass & bottle storage compartment.

Outlet(120VAC) GFCI.

- FORWARD STATEROOM

Off-set double berth with mattress (84"x47") .

Bin storage under berth.

Stainless steel overhead opening hatch.

Stainless Steel opening ports (screened.)

Hanging locker with bin storage & 12VDC light..

Rope locker access.

Drawer storage.

Sectioned shelf storage.

Varnished teak/holly sole.

Hand-rubbed effect teak joinery

Lockable teak privacy door.

11/23/2004

- FORWARD HEAD

Molded (1) piece fiberglass construction.
"Quiet Flush" electric, fresh water flush head.
Fiberglass basin with Skandvik faucet.
Hand-held shower attachment.
Varnished teak floor grate.
Separate shower sump.
Lighting (12VDC).
Stainless steel port with screen.
Outlet (120VAC) GFCI.
Molded fiberglass paper dispenser.
Vented teak privacy door (lockable.)
Stainless steel hand rail.
Mirror.

- GALLEY

Full-standing Tundra refrigerator/freezer (12VDC / 120VAC).
Princess (3) burner propane range with oven.
Solid surface counter-top.
Trident propane solenoid switch.
Sinks, double SS with Delta faucet.
Convertible dinette with storage under.
Stainless steel port with screen.
Pre-wired for microwave installation.
Drawer & storage lockers.
Cookware storage bin.
Fiberglass built-in trash bin.
Lighting (12VDC).
Varnished teak/holly sole.
Outlet (120VAC)GFCI.
Engine room door with sight glass.

- SALON

(2) engine room access hatches.
Stainless steel engine room ladder.
Lower helm with full instrumentation.
Main electrical panel.
Stainless steel steering wheel.
Outlets (120VAC).
Lighting (12VDC) with wall switches.
Epoxy coated aluminum window casements with tinted safety glass (sliding), screens & locks.
Starboard-side sliding door for walk-around deck access (lockable.)
Drawer & storage lockers.
Stair access with hand rail to aft deck.
Varnished teak & holly cabin sole.
Hand rubbed effect teak joinery.
Fixed forward salon windows.
Windshield wipers (3).
Teak overhead console for electronic installations.
Overhead teak handrails.
Varnished teak door with glass insert (lockable.)

- MASTER STATEROOM

Centerline queen berth with mattress (78"x60").
Dual teak hanging lockers with 12VDC lighting.
Teak bedside vanities with drawer.
Cushioned love seat.
Additional drawer & locker storage.
Recessed entertainment center on forward bulkhead.
Mirrored wall surfaces port & starboard.
Lighting (120VDC) with wall switches.
Lighting (12VDC) indirect under berth.
Outlets (120VAC.)
Stainless steel ports with screens.
Stainless steel opening hatch on aft wall bulkhead.
Lockable privacy door.
Hand-rubbed effect teak joinery.
Varnished teak & holly cabin sole.

- MASTER HEAD

Molded fiberglass (1) piece construction.
Stall shower with seat, bi-fold door & separate shower sump.
"Quiet Flush" electric, fresh water flush head.
Molded fiberglass basin with Skandvik faucet.
Varnished teak grate.
Molded fiberglass paper dispenser.
Lighting (120VAC.)
Outlet (120VAC) GFCI.
Stainless steel hand rail.
Mirror.
Teak vented privacy door (lockable.)
Stainless steel port (screened.)
Vanity with storage.

- SAFETY & MISCELLANEOUS

Molded fiberglass bow pulpit with roller.
Stainless Steel Samson Post.
Stainless Steel cleats with fairleads.
Molded fiberglass swim platform with SS supports.
Recessed hot & cold transom shower.
Manual emergency bilge pump.
Solid 316 stainless steel welded railing.
Dark blue boot stripe.
Dark blue flybridge accent stripe.
Port & Starboard boarding gates.
Stainless steel hand rails on side of flybridge.
Folding stainless steel swim ladder.
Flybridge tinted windscreen.
